STANDARD EQUIPMENT

Furniture

Furniture decor Effect Elm (CaraBus)

Furniture decor Mali Acacia (CaraTour)

Driver's cab / Chassis

Fiat Ducato

Fiat Ducato 2,3 l 120 Multijet, Euro 6d-Temp (88 kW/120 PS)

Driver airbag

ABS

ESP, hill holder

Driver's seat adjustable for height

High-quality fitting seat covers driver's and passenger seat in living area fabric

Cupholder center console

Rear / front axle stabiliser

Disk brakes

Power steering

Height-adjustable headlights

Immobiliser system

Fuel tank 75 l, ad Blue tank 19 l

3-point safety belt system

Central locking for driver's cab, with remote control

Electrical window winders, front

Spare wheel

Body

Isolation without cold bridges

Insulation of side wall and ceiling with PE foam

Wall thickness: 16 mm

Floor plate, sandwich construction 25mm, 16 mm

EPS, poplar plywood and PVC coating

Temperature controlled intermediate floor seating group

Side walls with breathable fabric cover

Roof of GRP w/ reduced sensitivity of hail on high roof (CaraBus 600 MQH only)

Standard painting white

Service flap WC with magnet function

Plastoform window with blind and mosquito protection (rear blinds optional)

Windows with safety interlock

Rooflights with flyscreen and darkening blind

Huge variable storage space in the rear

Lashing eyes in the floor (Fiat)

Living / Sleeping

Full body construction for more stability/solidity

Bench with with integrated heating

EasyEntry Table with free seating group access (wall bracket)

Comfort function for dinette seating group

Drawers with full extension and roller guide

Roof cabinets in White/decor

Upholstery selection: Turin (FIAT), ALU

Foam mattresses with wooden slatted frame

Conversion possibility into a bed (extra bed: seating area, table with upholstery, rotating driver's seat; not possible on 540 MQ with Option 552347)

Power Supply

90 Ah AGM High-performance living room battery

Automatic connection/disconnection of starter and body battery

Automatic electr. charger for body / vehicle battery

CEE outside socket outlet for 230 V with circuit breaker

Fault-current circuit breaker

LED Board-Control-Panel with indicators for all important functions

230V socket outlets

12V socket outlets

LED lighting living room (exception: Entrance light + luggage compartment)

Charging booster for body battery

Gas / Water

Gas locker for gas bottle reserves 2 x 11 kg (2x5 kg on 600 K), 1 x 5 kg on 630 MEG)

Hot-water system with single-lever mixer

Water lines routed alongside air recirculation hose

Immersion water pump

Kitchen

Large sink made of stainless steel / 2-burner cooker with glass cover

Energy-efficient compressor refrigerator 95 l with 12,8 l freezer compartment and external soundproof compressor unit (540 MQ and 600 ME 75 l with 10,2 l freezer compartment)

Bathroom

Ergonomic toilet room with spacious storage shelves, integrated shower and removable shower curtain with ceiling bracket for shower head

Cassett toilet with electric pump

WC disposal tunnel with full cover

Shower tray with sand dunes feel

Roof vent with flyscreen

PACKAGES

| 210014 | Fiat package 29 kg (29 kg) | |
|--------|--|--|
| 200176 | Manual air-conditioning in the driver's cab | |
| 200488 | Exterior mirror electrically adjustable and heatable | |
| 200501 | Passenger airbag | |
| 200567 | Cruise Control | |
| 200633 | Swivel seats in driver's cab | |
| 200975 | Driver's and passenger seat with double armrests and headrests | |
| 201952 | Passenger's seat adjustable for height | |

– not provided

* Please observe the information and explanations on page 40.

** The fresh water tank capacity referred to attachment V, part A, cliff. 2.6. Fn. V0 (EU) 1230/2012 depending on vehicle type is limited by a circulation valve to 10 ltr. (suggested filling for running order)

*** If overflow valve is closed the fresh water tank capacity is about 110 litres.

STANDARD EQUIPMENT

Driver's cab / Chassis

Fiat Ducato

Driver airbag

ABS

ESP, hill holder

Rear / front axle stabiliser

Disk brakes

Power steering

Height-adjustable headlights

Immobiliser system

3-point safety belt system

Coated chassis components

Central locking for driver's cab, with remote control

Electric windows, front

Breakdown kit

Body

Roof of GRP w/ reduced sensitivity of hail

Wall thickness : 31 mm

Floor thickness : 40 mm

Roof and side walls in sandwich design

Skin in plain sheet metal, white

Rear lamp assembly with clear-glass lamps

Hinged insulating windows C6 in medium dark level with darkening blind and flyscreen

Rooflights with flyscreen and darkening blind

Cabin door: WEINSBERG KOMFORT with automotive locking system, double sealing, without window, 2 foldable clothes hangers

Front shading

Gas locker door in side wall

Rear lowering for motorhome garage

Rear garage, depending on layout

5 years tightness warranty

Kitchen

Large sink made of stainless steel / 3-burner cooker with glass cover

Central arrangement of gas control components

Premium quality ball bearing mounted drawer with softclose and cutlery insert

230V socket outlets

Hot-water system with single-lever mixer

Work disc extension

Laminate kitchen splash back

Living / Sleeping

Furniture decor Tiberino

Upholstery selection: TURIN (FIAT), FOREST, STONE WATER, BLOOM, DUSK

Foam mattresses with wooden slatted frame for fixed beds

Extendable table, depending on layout

Ventilated stowage cabinets and chests

Profile strips partly in real wood

Cloak room (depending on vehicle layout)

Kieper nets for 2 shelves each - rear right and left (depending on layout)

Power Supply

High-performance living room battery (capacity 75 Ah)

Automatic connection/disconnection of starter and body battery

Automatic electr. charger for body / vehicle battery

CEE outside socket outlet for 230 V with circuit breaker

Fault-current circuit breaker

Board-Control-Panel with indicators for all important functions

Awning lamp with motion sensor

Mainly LED lighting in the living room

230V socket outlets

USB plug

Charging booster for body battery

Gas / Water / Heating / Air conditioning

Gas locker for gas bottle reserves 2 x 11 kg

Hot-water system with single-lever mixer

Water pipes laid in insulated area

Immersion water pump

Bathroom

Bathroom in wood or plastic decor

Dometic ceramic cassette toilet with electric pump (depends on layout)

Dometic bank toilet with electric pump (depends on layout)

Shower with rigid door

Wall / ceiling holder for the shower head

Mirror cabinet

Roof vent with flyscreen

Recessed halogen lighting

Kleiderstange

- not provided

* Please observe the information and explanations on page 40.

** The fresh water tank capacity referred to attachment V, part A, ciff. 2.6. Fn. VO (EU) 1230/2012 depending on vehicle type is limited by a circulation valve to 10 ltr. (suggested filling for running order)

*** If overflow valve is closed the fresh water tank capacity is about 110 litres.

STANDARD EQUIPMENT

Driver's cab / Chassis

Peugeot Boxer
 Driver airbag
 Passenger airbag
 ABS
 ESP, hill holder
 Wide-track chassis
 Rear / front axle stabiliser
 Disk brakes
 Power steering
 Height-adjustable headlights
 Reinforced generator
 Immobiliser system
 3-point safety belt system
 Captainchair seats with double armrests
 Height-adjustable passenger seat
 Coated chassis components
 Exterior mirror electrically adjustable and heatable
 Central locking for driver's cab, with remote control
 Electric windows, front
 Tyre pressure sensors
 Dashboard in chrome design
 Breakdown kit

Body

Roof of GRP w/ reduced sensitivity of hail
 Wall thickness : 31 mm
 Floor thickness : 40 mm
 Roof and side walls in sandwich design
 Skin in plain sheet metal, white
 Rear lamp assembly with LED lights
 Hinged insulating windows C6 in medium dark level with darkening blind and flyscreen
 Rooflights with flyscreen and darkening blind
 High alcove shape with side window on the right
 Safety net at alcove (alcove) and bunk beds
 Cabin door: WEINSBERG KOMFORT with automotive locking system, double sealing, without window, 2 foldable clothes hangers
 Front shading
 Gas locker door in side wall
 Rear lowering for motorhome garage
 Rear garage, depending on layout
 5 years tightness warranty

Kitchen

Large sink made of stainless steel / 3-burner cooker with glass cover
 Central arrangement of gas control components

Premium quality ball bearing mounted drawer with cutlery insert
 230V socket outlets
 Hot-water system with single-lever mixer
 Work disc extension
 Laminate kitchen splash back

Living / Sleeping

Furniture decor Oregon Ash
 Upholstery selection: Turin (FIAT), ALU, OCEAN, LEMON
 EvoPore-HRC-mattresses with wooden slatted fram for fixed beds
 Foam mattresses for alcove and bunk beds
 Extendable table, depending on layout
 Conversion possibility into a bed
 Ventilated stowage cabinets and chests
 Profile strips partly in real wood
 Cloak room (depending on vehicle layout)

Power Supply

High-performance living room battery (capacity 75 Ah)
 Automatic connection/disconnection of starter and body battery
 Automatic electr. charger for body / vehicle battery
 CEE outside socket outlet for 230 V with circuit breaker
 Fault-current circuit breaker
 Board-Control-Panel with indicators for all important functions
 Awning lamp
 Mainly LED lighting in the living room
 230V socket outlets
 USB plug
 Charging booster for body battery

Gas / Water / Heating / Air conditioning

Gas locker for gas bottle reserves 2 x 11 kg
 Hot-water system with single-lever mixer
 Water pipes laid in insulated area
 Immersion water pump

Bathroom

Bathroom in wood or plastic decor
 Dometic ceramic cassette toilet with electric pump and swivelling seat
 Shower with shower curtain or integral shower door, depending on layout
 Wall / ceiling holder for the shower head
 Mirror cabinet
 Roof vent with flyscreen
 Recessed halogen lighting
 Shower cubicle de Luxe with PVC cladding and shower door
 Kleiderstange

– not provided

* Please observe the information and explanations on page 40.

** The fresh water tank capacity referred to attachment V, part A, ciff. 2.6. Fn. VO (EU) 1230/2012 depending on vehicle type is limited by a circulation valve to 10 ltr. (suggested filling for running order)

*** If overflow valve is closed the fresh water tank capacity is about 100 litres.

STANDARD EQUIPMENT

Driver's cab / Chassis

Fiat Ducato

Driver airbag

ABS

ESP, hill holder

Wide-track chassis

Rear / front axle stabiliser

Disk brakes

Power steering

Height-adjustable headlights

Immobiliser system

3-point safety belt system

Coated chassis components

Central locking for driver's cab, with remote control

Electric windows, front

Breakdown kit

Body

Roof of GRP w/ reduced sensitivity of hail

Wall thickness : 31 mm

Floor thickness : 40 mm

Roof and side walls in sandwich design

Skin in plain sheet metal, white

Rear lamp assembly with LED lights

Hinged insulating windows C6 in medium dark level with darkening blind and flyscreen

Rooflights with flyscreen and darkening blind

Cabin door: WEINSBERG KOMFORT with automotive locking system, double sealing, without window, 2 foldable clothes hangers

Front shading

Gas locker door in side wall

Rear lowering for motorhome garage

Rear garage, depending on layout

10 years tightness warranty

Kitchen

Large sink made of stainless steel / 3-burner cooker with glass cover

Central arrangement of gas control components

Premium quality ball bearing mounted drawer with cutlery insert

230V socket outlets

Hot-water system with single-lever mixer

Work disc extension

Laminate kitchen splash back

Living / Sleeping

Furniture decor Oregon Ash

Upholstery selection: Turin (FIAT), ALU, OCEAN, LEMON

EvoPore-HRC-mattresses with wooden slatted fram for fixed beds

Extendable table, depending on layout

Conversion possibility into a bed

Ventilated stowage cabinets and chests

Profile strips partly in real wood

Cloak room (depending on vehicle layout)

Power Supply

High-performance living room battery (capacity 75 Ah)

Automatic connection/disconnection of starter and body battery

Automatic electr. charger for body / vehicle battery

CEE outside socket outlet for 230 V with circuit breaker

Fault-current circuit breaker

Board-Control-Panel with indicators for all important functions

Awning lamp with motion sensor

Mainly LED lighting in the living room

230V socket outlets

USB plug

Charging booster for body battery

Gas / Water / Heating / Air conditioning

Gas locker for gas bottle reserves 2 x 11 kg

Hot-water system with single-lever mixer

Water pipes laid in insulated area

Immersion water pump

Bathroom

Bathroom in wood or plastic decor

Dometic ceramic cassette toilet with electric pump and swivelling seat

Shower with shower curtain or integral shower door, depending on layout

Wall / ceiling holder for the shower head

Mirror cabinet

Roof vent with flyscreen

Recessed halogen lighting

Shower cubicle de Luxe with PVC cladding and shower door

- not provided

* Please observe the information and explanations on page 40.

** The fresh water tank capacity referred to attachment V, part A, ciff. 2.6. Fn. V0 (EU) 1230/2012 depending on vehicle type is limited by a circulation valve to 10 ltr. (suggested filling for running order)

*** If overflow valve is closed the fresh water tank capacity is about 100 litres.

STANDARD EQUIPMENT

Driver's cab / Chassis

Fiat Ducato
 Driver airbag
 ABS
 ESP, hill holder
 Wide-track chassis
 Rear / front axle stabiliser
 Disk brakes
 Power steering
 Height-adjustable headlights
 Immobiliser system
 3-point safety belt system
 Coated chassis components
 Central locking for driver's cab, with remote control
 Electric windows, front
 Breakdown kit

Body

Roof of GRP w/ reduced sensitivity of hail
 Wall thickness : 31 mm
 Floor thickness : 40 mm
 Roof and side walls in sandwich design
 Skin in plain sheet metal, white
 Rear lamp assembly with LED lights
 Hinged insulating windows C6 in medium dark level with darkening blind and flyscreen
 Rooflights with flyscreen and darkening blind
 Cabin door: WEINSBERG KOMFORT with automotive locking system, double sealing, without window, 2 foldable clothes hangers
 Front shading
 Gas locker door in side wall
 Rear lowering for motorhome garage
 Rear garage, depending on layout
 10 years tightness warranty

Kitchen

Large sink made of stainless steel / 3-burner cooker with glass cover
 Central arrangement of gas control components
 Premium quality ball bearing mounted drawer with cutlery insert
 230V socket outlets
 Hot-water system with single-lever mixer

Work disc extension

Laminate kitchen splash back

Living / Sleeping

Furniture decor Oregon Ash
 Upholstery selection: Turin (FIAT), ALU, OCEAN, LEMON
 EvoPore-HRC-mattresses with wooden slatted fram for fixed beds
 Extendable table, depending on layout
 Conversion possibility into a bed
 Ventilated stowage cabinets and chests
 Profile strips partly in real wood
 Cloak room (depending on vehicle layout)

Power Supply

High-performance living room battery (capacity 75 Ah)
 Automatic connection/disconnection of starter and body battery
 Automatic electr. charger for body / vehicle battery
 CEE outside socket outlet for 230 V with circuit breaker
 Fault-current circuit breaker
 Board-Control-Panel with indicators for all important functions
 Awning lamp
 Mainly LED lighting in the living room
 230V socket outlets
 USB plug
 Charging booster for body battery

Gas / Water / Heating / Air conditioning

Gas locker for gas bottle reserves 2 x 11 kg
 Hot-water system with single-lever mixer
 Water pipes laid in insulated area
 Immersion water pump

Bathroom

Bathroom in wood or plastic decor
 Dometic ceramic cassette toilet with electric pump and swivelling seat
 Shower with shower curtain or integral shower door, depending on layout
 Wall / ceiling holder for the shower head
 Mirror cabinet
 Roof vent with flyscreen
 Recessed halogen lighting
 Shower cubicle de Luxe with PVC cladding and shower door

Fiat Ducato 3.500 kg; 2,3 l 120 Multijet, front-wheel drive, 6-speed manual gearbox; Euro 6d-Temp (88 kW/120 PS)

- not provided

* Please observe the information and explanations on page 40.

** The fresh water tank capacity referred to attachment V, part A, ciff. 2.6. Fn. VO (EU) 1230/2012 depending on vehicle type is limited by a circulation valve to 10 ltr. (suggested filling for running order)

*** If overflow valve is closed the fresh water tank capacity is about 100 litres.

STANDARD EQUIPMENT

Driver's cab / Chassis

Fiat Ducato
 Driver airbag
 ABS
 ESP, hill holder
 Wide-track chassis
 Rear / front axle stabiliser
 Disk brakes
 Power steering
 Full-LED headlights, height-adjustable
 Full-LED rearlights
 Immobiliser system
 3-point safety belt system
 Breakdown kit

Body

Roof of GRP w/ reduced sensitivity of hail
 Wall thickness : 31 mm
 Floor thickness : 40 mm
 Roof and side walls in sandwich design
 Skin in plain sheet metal, white
 Rear lamp assembly with LED lights
 Hinged insulating windows C6 in medium dark level with darkening blind and flyscreen
 Rooflights with flyscreen and darkening blind
 Cabin door: WEINSBERG KOMFORT with automotive locking system, double sealing, without window, 2 foldable clothes hangers
 Front shading manual
 Gas locker door in side wall
 Rear lowering for motorhome garage
 Rear garage, depending on layout
 10 years tightness warranty
 Sliding window on passenger side

Kitchen

Large sink made of stainless steel/3-burner hob with electric ignition; with glass cover
 Central arrangement of gas control components
 Premium quality ball bearing mounted drawer with softclose and cutlery insert
 230V socket outlets
 Hot-water system with single-lever mixer
 Work disc extension
 Laminate kitchen splash back

Living / Sleeping

Furniture decor Tiberino
 Upholstery selection: TURIN (FIAT), FOREST, STONE WATER, BLOOM, DUSK
 EvoPore-HRC-mattresses with wooden slatted fram for fixed beds
 Extendable table, depending on layout
 Conversion possibility into a bed (depends on layout)
 Ventilated stowage cabinets and chests
 Profile strips partly in real wood
 Cloak room (depending on vehicle layout)
 Kiiper nets for 2 shelves each - rear right and left (depending on layout)

Power Supply

High-performance living room battery (capacity 75 Ah)
 Automatic connection/disconnection of starter and body battery
 Automatic electr. charger for body / vehicle battery
 CEE outside socket outlet for 230 V with circuit breaker
 Fault-current circuit breaker
 Board-Control-Panel with indicators for all important functions
 Awning lamp with motion sensor
 Mainly LED lighting in the living room
 230V socket outlets
 USB plug
 Charging booster for body battery

Gas / Water / Heating / Air conditioning

Gas locker for gas bottle reserves 2 x 11 kg
 Hot-water system with single-lever mixer
 Water pipes laid in insulated area
 Immersion water pump
 Heating Truma Combi 6

Bathroom

Bathroom in wood or plastic decor
 Dometic ceramic cassette toilet with electric pump and swivelling seat
 Shower with rigid door
 Wall / ceiling holder for the shower head
 Mirror cabinet
 Roof vent with flyscreen
 Recessed halogen lighting

IMPORTANT INFORMATION

ALL MOTORHOMES AND CAMPER VANS BY WEINSBERG ARE DELIVERED WITH A EUROPE-WIDE 10 YEAR LEAK TIGHTNESS GUARANTEE AND A 24 MONTHS WARRANTY. PLEASE NOTE FOR ALL WEINSBERG MOTORHOMES AND CAMPER VANS:

Dimensions and weight data may vary ca. +/-5% due to tolerances of the natural raw materials used.

With any modifications done on the vehicle by a non-authorized dealer or garage you may put at risk your personal security and lose WEINSBERG operating licence and warranty. Therefore please leave reoperations and retrofits to the authorized WEINSBERG dealers and insist on WEINSBERG original equipment. All price information are recommended retail prices with delivery ex work and include 19% legal VAT. The prices of the optional equipment are only valid for a factory moderated installation of the regular production. Retrofittings, if technically possible, will cause additional mounting and material costs. The prices of our individual packages are fixed prices and cannot be changed because of additional options. Ordering optional equipment which substitutes specific package options will not be delivered additionally. In exceptional cases some combinations of extras and options may occur as mutually exclusive. We reserve the right to any technical modifications as to design, colour, and equipment, if technical improvement requires us to do so. The contents of this list reflect arrangements at printing, in 06/2019. It is effective as from 01.08.2019 for the 2020 model year. Mistakes and printing errors are excepted. Previous lists are no longer valid. We reserve the right to change content at our discretion. The water supply system is minimum state of the art (03/2009) (Regulation 2002/72/EG)."

WEINSBERG motorhomes and camper vans come with generous permissible vehicle payload options. By means of innovative solutions such as using high performance steel chassis* and honeycomb technology on furniture, low vehicle net weights are being realized.

*) ANNOTATION CONCERNING WEIGHT DATA OF YOUR WEINSBERG MOTORHOME AND YOUR WEINSBERG CAMPER VAN:

The mass of the empty vehicle as referred to in the price list is the mass of the vehicle with standard equipment and without basic equipment, i.e. without "liquids" and without optional fittings as referred to in art. 2, ciff. 3 VO (EU) 1230/2012

Mass in running order, see Article 2, ciff. 4 a) VO (EU) 1230/2012, unless nothing different is regulated, is defined as follows:

Mass of the vehicle with standard equipment as referred to in manufacturer specifications (incl. tool kit; CaraCompact, CaraHome + CaraLoft without spare wheel):

- + Fuel tank (filled to 90%)
- + 75 kg (mass of the driver)
- + Aluminium liquid gas bottles (11 kg) filled to 100% (i. e. 18 kg total mass)
- + Fresh water tank (filled to 100%) (Capacity of the Fresh water tank is limited to 10 ltr.* fresh water in running order, if not technically regulated; for CaraBus the fresh water in running order is limited to 20 ltr.*)
- + Toilet flush tank (100 % full)
- + Fresh water boiler filled to 100%
- = Mass in ready-to-start mode

* The fresh water tank capacity referred to attachment V, part A, ciff. 2.6. Fn VO (EU) 1230/2012 depending on vehicle type is limited by a circulation valve to 20 ltr. (suggested filling for running order) With a closed circulation valve the fresh water tank capacity amounts to 80 ltr. (for CaraBus 601 MQH 110 ltr.)

The "permissible total mass" see Article 2, ciff. 7 VO (EU) 1230/2012 is defined as follows:

The mentioned vehicle's maximum mass from the manufacturer in loaded state."

The maximum permissible payload as referred to in the WEINSBERG catalogue is defined as:

Technically authorized total mass - mass in running order = maximum permissible payload

Example:

(Technically authorized total mass) 3.500 kg
- (Mass in running order) 2.850 kg
= (Maximum permissible payload) 650 kg

Please note that maximum permissible payload as referred to in the catalogues, for example if the mass of the additional fitting is reduced.

Please note that your WEINSBERG camper van still must have a minimum payload capacity (= minimum payload) after deduction of optional equipment's mass from the maximum permissible payload, which may not be below the minimum payload (cf. attachment I, part D, para. 2.3.4.1 VO (EU) 1230/2012):

(Maximum number of berths + total length (in m) of the vehicle body) x 10 = Minimum permissible payload (kg)

Example:

[(Maximum number of berths) 4 + (total length (in m) of vehicle body) 6] x 10 = 100 kg

The mass of the vehicle with standard equipment according to manufacturer specifications is determined through weighing of the vehicle with standard fitting.

As a user of a WEINSBERG motorhome and camper van, you are required not to exceed the values of the permissible total mass in driving mode, and respective maximum permissible axle load and nose weight limits. Furthermore, you are obliged to adhere to all other requirements for a safe usage of your caravan.

Ordering optional equipment which substitutes specific package options will not be delivered additionally.

The details regarding delivery scope, dimensions and weight as well as in terms of appearance are in line with the understanding at the time of printing (06/2019). We reserve the right to make changes to the equipment, technical details, the series scope and the prices. Upon conclusion of the contract, technical changes within the scope of the construction are retained insofar as they serve the technical advancement and are acceptable to the customer. Subtle deviations in colour tone and material properties are reserved - even after conclusion of the contract. This applies insofar as these are unavoidable due to the material itself and are acceptable to the customer.
