

Press Release

07 June 2021

Vansational: The KNAUS VAN TI VANSATION is now also available on the MAN TGE

Jandelsbrunn. The VAN TI PLUS has already demonstrated that KNAUS and MAN make a great team. Dynamic, sporty and with the latest assistance systems – this vehicle's great success sends a strong signal. This success is matched by the VAN TI on a FIAT base with comprehensive VANSATION equipment, which has rapidly become a best-seller in the KNAUS fleet.

With the **new VAN TI 640 MEG VANSATION based on the MAN TGE**, KNAUS is carrying forward the success of these two vehicles.

The new VANSATION sets benchmarks: Thanks to the **innovative FoldXpand rear design** and MAN chassis, the VAN TI packs the same large interior into smaller exterior dimensions. The MAN flatframe chassis makes it the lowest motorhome in the Knaus Tabbert portfolio. The two-channel air suspension on the rear axle with a compressor improves ride comfort and driving safety. Another highlight: **177 HP** and an **8-speed automatic gearbox**.

But there is more to come: The comprehensive VANSATION equipment also includes smooth sheet metal side walls, 17" MAN light alloy wheels, air conditioning, electrically adjustable and heated side view mirrors, insect protection door, navigation system, awning, TV, ambient lighting, bed extension for reclining area, water filter system, Truma iNet system, Truma CP-Plus digital heating control panel, rear view camera, fatigue detection, cruise control with speed limiter and much more besides – **perfected driving dynamics and exceptional comfort at a special discounted model price**.

The new VAN TI 640 MEG VANSATION will be on display for the first time at the Caravan Salon in Düsseldorf, Germany (27/08 - 05/09).
